Empowering Members to Record Their Transactions Online

With two committee members currently entering 100 to 200+ transactions per month on the CES website, H.A.N.D.S. has begun a campaign to have members enter their own transactions. The HANDy messenger is contacting our most active traders to offer assistance in getting started and encourage them to enter their own, and a CES workshop is planned for our Autumn market. This article from our recent H.A.N.D.S. newsletter might be useful for other exchanges to use in their newsletters.

/// indicates information specific to each exchange that would need to be changed.

We are trying a new idea for markets this year. A real mix of ideas including community markets at members homes, garage sales, hall markets and joining in with other markets in town such as the Saturday morning boot sale. Any further ideas from other systems welcome!

The January market will be held at Judy's home with a working bee, market stalls, and end with a BBQ and short meeting Twilight start at 3pm. Public invited to the market and to learn about community currency.

Thanks, Anne

WAIS Re-launched

As reported in earlier editions, the Wairarapa Green Dollar Exchange had decided to embark upon a re-launch campaign, funded very largely through a generous grant from the Eastern and Central Charitable Trust.

After a Green Dollar appearance in the Christmas Street Parade in Masterton the campaign culminated in December in a series of radio programmes broadcast by local Access Radio, a full page colour feature in a local paper delivered throughout the Wairarapa, a public meeting to explain the virtues of Green Dollars and finally with a Christmas Market in the Wairarapa Community Centre. Committee members [dressed in G\$ polo shirts], assisted by keen Exchange supporters, put in a huge amount of work to make all of these promotional moves a success, the outcome of which saw record numbers attend the Market and a 28% increase in membership.

2007 should now provide increased opportunities for members to trade a wider variety of goods and services and, crucially, participate in the social advantages that membership can bring.

Taranaki News

Our Christmas market went well but down on some years. Over \$2000 traded in December. Five of us here in Taranaki are looking forward to travelling to Christchurch for the national conference in April. Please, other North Island systems, start thinking about who will host the 2008 conference.

We have another new member. Celebrate!!! Lynette is into nutrition. If you have diet or food problems contact her. (TSCT2025).
