# REBS

RIVER EXCHANGE BARTER SYSTEM

# The NEWS BOX

April 2009

## REBS President says...

REBS is growing both in our membership and in our confidence and as the recession begins to bite we are becoming increasingly relevant. To our community's wellbeing. Even far right proponent Muriel Newman was recently promoting the value of local trading systems in her column in the Chronicle (Wed 25) as a tool to help meet these challenging times. It's certainly time to step forward to offer our system more fully to our community and that's what we are doing.

Great news is that thanks to the efforts of Trustees, Ngairie Wallace and Peter Granger we are now a Registered Charitable Trust.

The National Conference on Community Currencies that we are hosting next year has now become a truly international event with attendees who are involved with local currencies coming from Hawaii and Vanuatu and of course our special guest speaker Thomas Greco Junior from San Francisco who is the senior global expert on the subject. His presence will gain national media attention for LETS systems and the Conference will show Whanganui positively.

Attendees from around the country are able to register using their local LETS currency and local members are coming forward to work on the Conference being paid in REBS. An exciting time indeed. Cheers. Laurence Boomert REBS President.

It is impossible to make anything foolproof because fools are so ingenious.

## JOKE TIME

A woman's husband had been slipping in and out of a coma for several months, yet she stayed by his bedside every single day. When he came to, he motioned for her to come nearer. As she sat by him, he said, "You know what? You have been with me all through the bad times. When I got fired, you were there to support me. When my business failed, you were there. When I got shot, you were by my side. When we lost the house, you gave me support. When my health started failing, you were still by my side. ... You know what?"  
"What's that dear?" she asked gently.  
"I think you bring me bad luck."
